

REMARKS

Favorable action on the merits is solicited in view of the foregoing amendments and the following remarks.

**I. CLAIM STATUS AND AMENDMENTS**

Claims 23-45 are pending and subject to restriction.

Claim 29 is amended to change the ratio from "1:1" to "1:3". Support can be found in the disclosure, for example, at page 9, line 9.

Claims 23-40 and 42 are amended to make minor editorial revisions to better conform to U.S. claim form and practice. Such revisions are non-substantive and not intended to narrow the scope of protection. Such revisions include: revising the claims to correct spelling, grammatical, and punctuation errors; replacing the "characterized by" language with "wherein"; revising the claim language to provide proper antecedent basis throughout the claims. Support can be found in the claims as filed. No new matter has been added.

New dependent claim 46 has been added which further specifies the ratio between Ginkgo and phosphatidylserine as supported by the disclosure at page 9, line 9. No new matter has been added.

Claims 23-46 are pending upon entry of this amendment.
